Fund Balances

Labor Plan and FTE Analysis

Payroll Details

FD29 Industry Clinical Trials

This report aids in the review of Fund 29 activity and balances. The summary level is organized by Award Owning responsible organization while the subsequent tabs provide detail for the review of the Award Balance including revenue, expenses and outstanding receivables.

Who would use this report?

This report is used primarily by individuals at the medical school who are responsible for monitoring industry-sponsored clinical trials (Grants that use Fund 29).

When would you use this report?

This report helps with routine reviews, routine monitoring, quarterly monitoring and annual budget preparation.

Why would someone use this report?

Use this report to view all industry sponsored clinical trials at a summary level, with subsequent levels of drill through to the transaction.

What questions is this report designed to answer?

- What clinical trials are nearing their end dates?
- Who is funding my clinical trials?
- What clinical trials are under my PI's Portfolio?
